Central Intelligence Agency  
Washington, D. C. 20505

Dear General Walters:

Graduation ceremonies for Attache Class 2-73 will be held at 1000 hours on Friday, 6 April 1973, at the Defense Intelligence School. Approximately, 43 students and their wives will participate.

As in the past, we are again inviting you to present the graduation address. Experience has proven your presentation to have been consistently received with enthusiasm and has, without a doubt, been the highlight of each class.

I also realize the demands on your time are great and thus, on this occasion, express my gratitude, and that of the faculty, staff and students, for your continued interest in and support of the training of our future attaches.

Informal arrangements for your invitation to address the attaches were made with [redacted] your Agency representative here at the School.

For any additional details on the class profile or other matters, please feel free to contact Lieutenant Colonel John Payne, Jr., USAF, telephone extension 433-2986 or 2987.

Sincerely,

MEMORANDUM FOR: LTG VERNON A. WALTERS, USA

SUBJECT: Background Notes on Military Attache Class 2-73

1. This memorandum provides additional information that I felt might be of interest in preparing your Graduation Address for the Attache Class next Friday, 6 April.
2. Attachments include the class roster listing the 47 officers who are expected to attend (together with most of their wives), and the schedule for the final week of the course.
3. Captain Furnas, Commandant, Colonel Tansey, and the rest of the School faculty are, of course, delighted that you have agreed to share your experiences and thoughts with the Attaches despite your busy schedule. I again have been given the honor of introducing you at the ceremonies and will plan for your arrival at Building T-5 (front entrance) by 10:00. We trust you will remain for as long as your schedule permits.
4. From my vantage-point as the CIA Faculty Advisor here at the DIS, I am again impressed with the high caliber of officer-students in these Attache classes. I base this on my observations of their overall adjustment to the educational opportunities offered in the Attache Course, and in particular, their reaction to Agency guest speakers and other curriculum support we are asked to provide. During the past 12 weeks, about 40 speakers from all four of our Directorates have presented significant inputs to Attache thinking and understanding. I would characterize Attache reaction to Agency presentations as positive, sympathetic, frequently enthusiastic, and always appreciative.
5. In my judgment, our speakers, almost without exception, are rated by the DIS faculty and students as outstanding contributors to their training programs.
